

# The M.Kukoyi Foundation 2022 IN REVIEW

Dear Friends of MKF, we hope you are having an amazing and productive 2023! We are beside ourselves with gratitude as we look over the past year and realize all that we have accomplished together in service to the underserved communities in Africa.

We would like to thank you for your contributions to our initiatives this past year as well share some of the highlights of the great year we had.

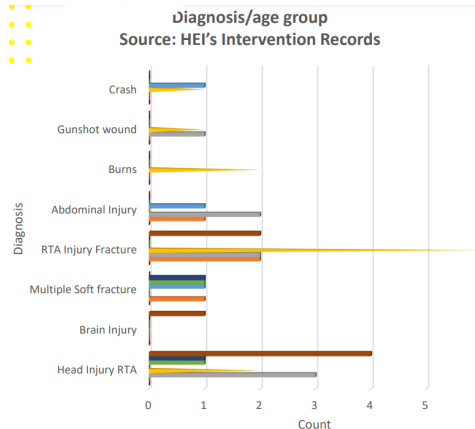

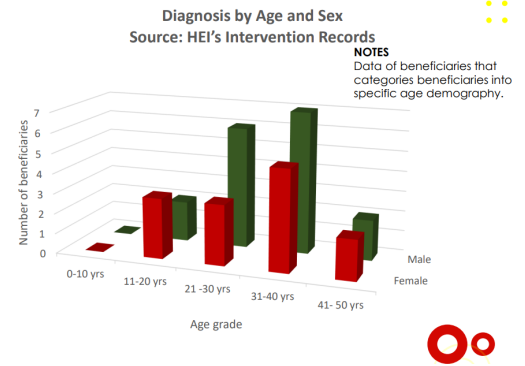

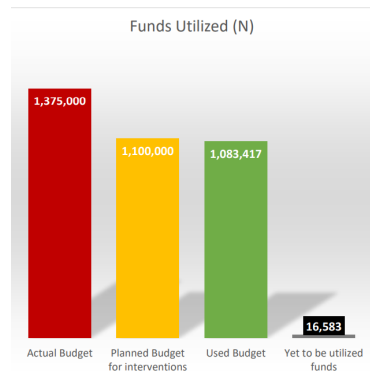

We would also like to thank the Mercy Michael Foundation and the Health Emergency Initiative, who are nonprofit organizations essential to our international operations.

As you read this newsletter, we sincerely hope that you feel the impact that you have made in partnership with us to reach and save lives.

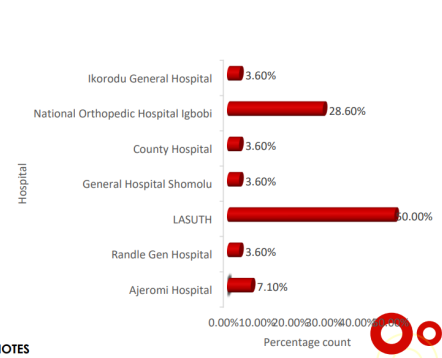

Sincerely,  
Mobola Kukoyi MD, MPH

## Trauma Care

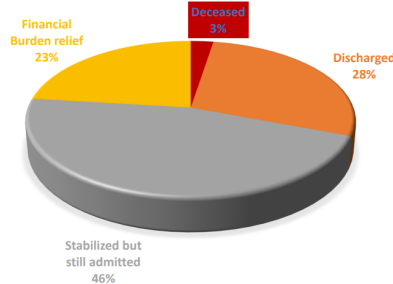

The M. Kukoyi Foundation (MKF), in partnership with Health Emergency Initiative (HEI), assisted 39 critically injured Road Traffic Accident (RTA) victims in Lagos through provision of funds for the first 24 hours of trauma care. We recorded an 82 percent survival rate in avoidable deaths from road crashes.

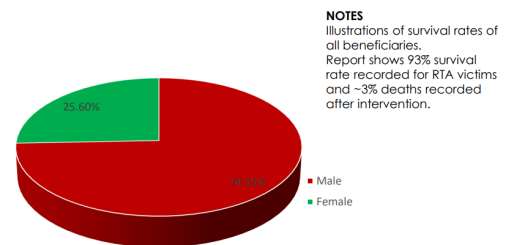

## Percentage of beneficiaries/Hospitals

## PERCENTAGE OF BENEFICIARIES SURVIVAL/OUTCOME

## Percentage of beneficiaries by Sex

NOTES  
Illustrations of survival rates of all beneficiaries. Report shows 93% survival rate recorded for RTA victims and ~3% deaths recorded after intervention.

## World AIDS DAY 2022

In partnership with The Mercy Michael Foundation, we provided comprehensive services including blood pressure checks, glucose checks, HIV testing & counseling, and contraceptive distribution. Of the 123 individuals who received testing (comprising 70 males and 53 females), two individuals were newly diagnosed with HIV. They were promptly referred and accompanied to healthcare facilities to begin their journey of receiving appropriate care. The remaining individuals who were retested were encouraged to continue their current medication regimen.

## INAUGURAL ANNUAL GALA

Thank you for attending our inaugural event! Your presence, enthusiasm, and support made it truly memorable and successful. We are grateful for the diverse and accomplished group of individuals who enriched the event with their knowledge and inspiration. Your active engagement, thought-provoking discussions and valuable contributions made the event vibrant and meaningful. We also extend our gratitude to the speakers and panelists for their invaluable insights. We look forward to connecting with you in the future at our next event. Save the date for October 12, 2023!

## CPR and Accident Resuscitation Education (C.A.R.E Project)

We are pleased to introduce the C.A.R.E initiative in 2023 which aims to increase awareness of community-based CPR (bystander CPR) and first aid skills. CPR and timely medical care saves lives! We will be partnering with the Health Emergency Initiative to train community members who will then perform outreach education events. Our goal is to provide teaching in schools, places of worship, corporations, community centers and much more. Together, we can improve survival rates from medical and traumatic emergencies as every second counts! If you would like to sponsor this initiative, please write "CARE Project" in the memo of your donation.
